General Information

Playing Formats:

In the interest of pace of play, all formats must be approved by the golf course. It is recommended that a Scramble or Selective Drive format be used.

Outing Types: an outing consist of 16 or more players.

- **“Full Shotgun Start”** requires a golf outing of 84 or more players and will begin play “early morning” or “early afternoon” depending on the time of year. As example; Shotgun starts May thru September will be at 8:00 a.m. or at 1:30 p.m.
- **“Modified Shotgun Start”** is an option for groups from 16-80 players, under this format the course may remain open to regular public play. Public players will not interrupt your event, we will allow as much space as possible between your groups. Please understand that this is necessary to make smaller outings economically feasible to our business.
- **“Continuous Tee-Times”** this format requires all players to begin on the first hole, but has no restrictions with regards to the time of day, and comes at a cheaper price.

Professional Services:
